

## LASVEN – Project Proposal (For OpenAI and Collaborators)

---

### Project Name: Lasven

---

### Project Summary:

Lasven is an anonymous AI-based matching application designed to connect people through emotional intelligence and deep personality understanding.

Unlike traditional dating platforms that focus on appearance or superficial traits, Lasven focuses on the inner self — what we feel, what we carry, what we need to heal.

---

### Minimum Viable Product (MVP)

#### User Flow:

1. Anonymous Sign-Up (nickname only)
2. Personality & Emotional Intelligence Test (15 deep questions)
3. Visual Preferences Module (choose images: food, music, environments, etc.)
4. Honesty Warning (“Lasven only works if you’re real with yourself.”)
5. Emotion-Based Match Results (with explanations)
6. Anonymous Limited Chat (optional in MVP)
7. Monthly Match Limit (2 per month)

#### Key Features:

- No names, no photos
  - Character-based matching
  - AI-generated emotional compatibility
  - Monthly match cap to avoid misuse
  - No ranking, no swiping — just honesty
- 

### AI Involvement

Lasven uses AI to:

- Analyze emotional themes in user responses
- Label personality traits (introverted, empathic, imaginative, etc.)
- Compare emotional patterns and life experiences
- Create meaningful matches based on resonance, not randomness

### **Personality Test Questions (Sample – 15)**

1. When someone you love disappoints you, what do you usually do first?
  2. Do you believe people can change? Why or why not?
  3. How do you feel in a group where no one truly knows you?
  4. What kind of emotional pain do you understand best in others?
  5. Do you prefer deep conversations or silence with someone you trust?
  6. Describe a moment that shaped the way you see relationships.
  7. When you feel misunderstood, what do you need most?
  8. Do you often feel emotionally responsible for others?
  9. Which matters more in love: shared values or shared experiences? Why?
  10. Do you hide your true emotions to protect yourself or others?
  11. What do you notice first in someone's soul, not their face?
  12. Do you forgive easily, even if you can't forget?
  13. If someone cried in front of you, what would you instinctively do?
  14. What scares you most: being alone, or being with someone who makes you feel alone?
  15. What does 'emotional connection' mean to you?

  - Conversations are temporary and never stored permanently
- 

## **Project Vision**

Loneliness isn't the absence of people — it's the absence of **being seen**.

Lasven wants to create a space where people connect not through filters, but through **feelings**.

This is not a dating app.

This is **an emotional bridge**.
